ACKNOWLEDGMENTS

The Portland Rose Society wishes to thank the following:

With gratitude, our special thanks to Lloyd Center for their generous contributions in hosting the Portland Rose Society's Spring Rose Show for 40 years and for the cooperation of their wonderful staff, including Ann Grimmer and her Assistant for the use of their great facility.

**The City of Portland Parks and Recreation,
Rachel Burlington, Curator
Washington Park International Rose Test Gardens
and her assistants
for arranging an outstanding display of garden roses.**

**The Park exhibit represents only a few of the
rose varieties grown in the Washington Park
International Rose Test Gardens
and the Peninsula Park Rose Gardens.**

All accredited judges and clerks for their time and expertise.

**The many Society members who have wholeheartedly
promoted and staged the 133rd Annual Rose Show.
Their tireless efforts are greatly appreciated.**

**The exhibitors who bring the roses
that make the show a reality.**

GENERAL INSTRUCTIONS

NOTE: THE ENTRY METHOD FOR THIS SHOW IS AS FOLLOWS: ALL ENTRIES WILL BE PLACED BY THE EXHIBITORS IN THE APPROPRIATE PLACE ON THE SHOW TABLES. THERE WILL ALSO BE VOLUNTEERS ON THE SHOW FLOOR TO ASSIST YOU IF YOU NEED HELP.

The rules and regulations governing this show are usually in accord with the rules and regulations of the ARS for exhibiting roses. Special instructions are provided for the Rose Arrangement classes.

1. All entries must be from the exhibitor's own outdoor garden.
2. Exhibitors may enter as many roses in each class as they wish unless otherwise specified in the show schedule. Restrictions are made for classes with special properties like the "Rose Portrait".
3. Use of artificial wedging is prohibited. Using detached foliage is also discouraged.
4. Only PRS, PNW, or ARS entry tags are acceptable and they will be provided. Containers for all horticultural exhibits will be provided.
5. Exhibitors must place their entries between 6:30 am and 9:30 am on Thursday. Exhibitors may not enter the show area from 9:30 am until the show opens at 1:00 pm Thursday.
6. All exhibitors must leave the show area by 9:30 am.
7. Varieties of roses entered in this show must be listed in the "American Rose Registry," the "ARS Handbook for Selecting Roses," or the "Combined Rose List," and they must be entered in the correct color class as stated in the above publications. There will be members of the PRS to help make these determinations if you do not know what they are.
8. Exhibits and awards may not be removed without permission of the Show Chair until the show closes. The Show Chair reserves the right to remove any wilted blooms.
9. Members of the PRS will help identify unknown roses. It is, however, the exhibitor's responsibility to correctly complete the entry tags.
10. Once an exhibitor has won three trophies in the horticultural section of a rose show he/she is no longer considered a "Novice Exhibitor" and must then enter his/her roses in the open sections of the show. A "junior exhibitor" is an exhibitor up to 18 years of age.
11. Each exhibitor agrees that the PRS, its officers and committees, and the Lloyd Center, will not be held responsible for loss or damage to any person or property.
12. Your participation as an exhibitor is welcomed. Your consideration of all other exhibitors is appreciated. Please be courteous to others and clean your grooming area when you are finished.

GUIDELINES FOR JUDGING

"Guidelines for Judging Roses" by the ARS Committee on Training and Accrediting Rose Judges, is the official judge's handbook for this show.

SCORING SYSTEM FOR JUDGING

Roses will be judged on the following point scale:

Form	25
Stem and Foliage	20
Color	20
Substance	15
Balance and Proportion	10
Size	10
Total	100

- 1. All Entries are subject to the ARS rules governing disqualification. Disqualification may occur if the specimen is, or has, as follows:
(A) Misnamed.
(B) Mislabeled or unlabeled.
(C) The presence of a foreign substance applied to the specimen.
(D) The exhibitor's name in any location other than the designated place on the entry tag.
(E) In violation of the PRS rules.**
- 2. Exhibits which are stem on stem or have side buds on a rose that should be exhibited disbudded are subject to penalization.**
- 3. At the time of judging, an exhibition rose should be in the most perfect phase of its possible beauty. This is when the bloom is approximately one-half to three-quarters open and has a well-formed center. Buds, roses just beginning to open, do not qualify as blooms.**
- 4. Polyanthas, floribundas, climbers and other roses which naturally occur as sprays, may be shown with side buds.**
- 5. All sections for miniature roses are open to miniflora roses as well, when so designated in the show schedule.**
- 6. Only blue ribbon winners are eligible for trophy awards.**
- 7. Challenge & Competition class entries will not be considered for court awards.**
- 8. Special sections may be added after entries close, if the quantities of exhibits warrant this action.**
- 9. The decisions of the judges shall be final.**

ROSE ARRANGEMENTS

GENERAL RULES AND REGULATIONS

1. This division is governed by the current rules and procedures of the ARS.
2. **Roses must be outdoor grown but not necessarily by the exhibitor.**
3. Roses must be the *dominant* flower in all arrangements. Other flowers and foliage may be used except where specified. No artificial flowers, foliage or fruits are permitted and no painted *fresh* plant material is allowed. Treated, tinted, or painted dried plant material is allowed. Accessories are permitted in all classes, but should be subordinate, unless when used as a featured object in the design.
4. Each variety of rose used in an arrangement should be correctly named. Misnaming is subject to penalty but not disqualification.
5. The space allotted for each standard exhibit is approximately 26" x 30", except for miniatures and juniors, on white plastic covered tables. Backgrounds, niches (winged) and frames are allowed in all sections, as long as they are proportionate to the space allotted.
6. **Label containers and accessories plainly on the bottom** with your name. The PRS cannot be responsible for loss or damage of your properties but will exercise all precautions.
7. Entries may be made at the Lloyd Center second floor between 6:30 and 9:30 am on Thursday, June 8th. Judging begins at 10 am. Removal time is Friday at 5 pm. If you are unable to pick up your arrangements at the close of the show, please have someone else do so. The PRS will not be responsible for any properties left after 6 pm, on Friday.
8. Arrangement classes are open to all non-professional arrangers.
9. EXHIBITORS ARE PERMITTED ONLY ONE ENTRY IN EACH CLASS but may enter as many classes as they wish.
NOVICE CLASSES are open to exhibitors who have won not more than five trophies in arrangement classes. A novice may choose to enter the open classes.
JUNIOR CLASSES ARE OPEN TO THOSE EXHIBITORS UP TO THE AGE OF 18. Juniors may enter any other classes.
10. Reservations are required in all arrangement classes before Tuesday, June 6th, to ensure table space. (Entrants without reservations may be accommodated as long as table space is

available.) For reservations please contact: Judy Fleck at 503-684-9469.

11. Trophies will be awarded to the best of the blue ribbon winners in each section as indicated in each class.
12. Judging will be done by ARS accredited rose arrangement judges and their decisions are final.

DEFINITIONS

Traditional Designs:

Line Design follows a linear pattern and uses a small quantity of plant materials in an open silhouette.

Line-Mass Design uses additional material to strengthen the line but maintains the open silhouette.

Mass Design uses large quantities of material to create a mass effect with few voids. It can still be open and airy.

Corsage or Personal Adornment must include pin for wearing and a tied ribbon bow.

Oriental Manner Design uses a minimum of plant material, emphasizing the perfection of roses.

Moribana Style uses a low container with water showing.

Nageire Style uses a tall container for a "throw-in" appearance.

Free Style Oriental uses any kind of oriental container with plant material used to express the designer's feelings, images and impressions. Man-made materials may be included in free style designs.

Modern Creative or Abstract - Complete freedom is allowed in designing; an emphasis on open space, using some plant material with unique, bold forms, and dynamic lines. Man-made materials may be included, unless otherwise specified. Lights may be allowed to augment the design, but no electrical cords or outlets are available.

Abstract Design with dominance in abstraction, non-naturalistic, non-realistic with components used solely for line, form, color, texture and integrated space.

Underwater Designs must have a focal area of the design placed under water in a clear or transparent container. Approximately 1/3 of the design should be underwater.

Parallel Designs have three or more groupings of materials (using one or more containers as one unit). The groupings may be placed in any direction (vertical, horizontal or diagonal) to give continuity. All groupings must be parallel in the same direction. They must have negative space between groupings and appear as one arrangement.

(See **Guidelines for Judging Rose Arrangements**, American Rose Society for more detailed information.)

ARS OFFICIAL SCORE CARD FOR JUDGING ROSE ARRANGEMENTS

CONFORMANCE: (5 Points each) 15

- a) roses correctly named
- b) conformance to type of design
- c) other specific requirements of the schedule

DESIGN all principles: (5 points each) 30

Balance: Visual stability. Actual or visual weight on either side of an imaginary central axis.

Dominance: No equal amounts of either color, shape or form.

Contrast: Differences in form, shape and/or color to develop interest.

Rhythm: Rhythm is achieved by repetition, radiation and/or variation; may be smooth, dynamic, graceful, or gentle. Rhythm is the dominant visual path through the design.

Proportion: Proportion refers to the relative amounts of a component in relation to the other components of the design and to the whole design. Proportion also refers to the whole, the placement and to the space it occupies.

Scale: The size relationship of one component to another and to the whole. Too great a variation in sizes means poor scale.

PERFECTION OF THE ROSE 30

Roses should be in peak condition, with good substance, and have fresh foliage. Other plant materials should be in good condition.

CREATIVITY AND EXPRESSIVENESS 15

Imaginative and creative handling and use of materials.

DISTINCTION 10

Marked superiority in all aspects of the design; sets the design apart. Includes technical construction.

Total 100

A design must score at least 90 points to be eligible for a first place ribbon. First, second, third and honorable mention ribbons can be awarded in each class.

YOU ARE INVITED TO JOIN THE PORTLAND ROSE SOCIETY

Do your roses look like the ones in the show? Would you like them to? Do your roses grow vigorously all summer and produce many blooms with little or no disease? Are your roses free of aphids, spider mites and rose midge? If the answer to these questions is "No", or "What are those things?", then perhaps you would like to join the Portland Rose Society and find out.

The Portland Rose Society meets October through May (except December), on the third Monday of the month at 7:30 p.m. at the Oaks Park Dance Pavilion. In August the Society has a family picnic. Our meetings feature rose experts from across the Pacific Northwest who present programs on all phases of rose growing and enjoyment. There are also always a number of local experts who can answer just about any question you may have. We feature a monthly newsletter, the *Portland Rose Chatter*, to keep you informed about upcoming events, monthly tips on rose culture, new ideas, new varieties, information about other shows and rose activities throughout the Northwest. The Portland Rose Society also hosts three major rose shows each year, including the Nation's largest Rose Show in June in conjunction with the Rose Festival at Lloyd Center, an All-Miniature Rose show in August, and the fall rose show in September at the Washington Square Mall.

Visitors are always welcome at all Portland Rose Society activities.

Portland Rose Society annual dues are \$25.00 per household.

If you would like to join, remit your dues to:
